Roman Bakalets
Software Engineer

As a highly motivated and detail-oriented Frontend Developer with 7 years of experience in computer science and software engineering, I am eager to contribute my skills to a dynamic and collaborative team. My expertise in technologies such as JavaScript, HTML & CSS, React, Vue.js and Bootstrap, combined with my ability to solve complex problems and fix bugs, make me a valuable asset to any organization. I am committed to continuous learning and professional development to achieve my goals.

Experience
